The William Macdonald Seed Co.

Exclusive Flower Seed Growers
SANTA MARIA U.S.A. CALIFORNIA

For the Seed Trade:

It is a pleasure to present for your consideration our 1947 Wholesale Flower Seed Catalog, which covers all items we are growing for Fall shipment.

"California's Best Flower Seeds" is not just a slogan with us, but is your assurance of receiving only the top quality Flower Seeds our modern farming methods can produce. During our twenty-one years as Flower Seed growers, we have always tried to make the Macdonald name synonymous with quality.

Better vitality, cleaner samples and earlier delivery are a few advantages of California grown Flower Seeds.

Over 80% of our production is grown on our own land and under our direct supervision from planting thru harvest and milling operations. Trial Ground tests and rigid stock seed selection keep our strains at the peak of reliability.

When you are in California, we cordially invite all Seedsmen and customers to visit our planting in the beautiful Santa Maria Valley, and you should by all means include in your itinerary, a night's stop-over at our world famous Santa Maria Inn.

We want to take this opportunity to thank you, our customers, for your friendship and loyal patronage during the past year. Your continued confidence will enable us to keep supplying the best in Flower Seeds and we shall constantly strive to merit your repeat business.

W. Macdonald

Terms and Conditions of Delivery . . .

All seeds are offered F.O.B. Santa Maria, California, for delivery from 1947 crop as soon as possible after harvest. Invoices to firms of established credit are subject to a discount of 2% for cash in 30 days from invoice date, or 60 days net. New customers should furnish two credit references if shipment is desired on an open account basis. Otherwise delivery will be made C.O.D. All foreign invoices are payable in U.S. Dollars at the current rate of exchange. All overdue accounts are subject to a sight draft without further notice.

Santa Maria is now a scheduled stop for Southwest Airways, Inc., which gives us twice daily service to Los Angeles and San Francisco. This fine service will enable all Air-Mail to reach Chicago and New York areas within 24 hours from our office. Air Express service has been inaugurated on this same schedule.

Definite shipping instructions should accompany each order placed, and will be carefully followed by our Shipping Department. In the event instructions are not received, shipments will be forwarded over the most direct and cheapest route. Delivery to the common carrier in good condition will terminate our responsibility.

Prices quoted in this catalog apply against all 1947 crop purchases, and are effective immediately on all spot orders. We reserve the right to change these prices at anytime without giving further notice. We are Wholesale Growers and supply the Seed Trade only.

Bags and containers will be charged at net cost. All orders for four ounces or more will be charged at the pound rate, less than four ounces at the ounce rate.

We will plant sufficient land to produce the quantity of seed ordered under normal conditions; however, crop failure or any other cause beyond our control releases us from delivery and in the event of shortages, we will fill contract orders on a pro-rata basis only.

We give no warranty, express or implied, as to the productiveness of any seed we sell and will not be in any way responsible for the crop. Our liability in all instances, is limited to the purchase price of the seed. (Standard non-warranty clause of American Seed Trade Association.)

EARLY FLOWERING SPENCER SWEET PEAS (HAC 6 FT.)

Our listing of Early or Winter Flowering Sweet Peas includes all of the important Florist and Home Gardener varieties. These are all exceptionally large flowered and long stemmed—many being beautifully duplexed. As Sweet Peas have been a "main crop" item with Macdonald for over twenty years, it is only natural that our breeding work has produced a majority of the current market favorites. The remarkable new varieties now available to all Sweet Pea lovers, have without doubt contributed much to their continued popularity. No better Sweet Peas are available anywhere—at any price!

Larkspur Rose Cockade, made up into a beautiful and decorative basket.

This "Cockade" group of Larkspur colors have all been especially selected for commercial cut-flower growers, and we unconditionally recommend them for your best trade. We frequently receive letters from Florists stating that these are the finest Larkspurs they have ever grown. Wherever Larkspur is planted, from California to Novo Scotia — North or South of the equator, this "Cockade" group will give the Grower better quality flowers under similar growing conditions.

LARKSPUR GIANT IMPERIAL (HA 4 ft.)

PANSY (Viola Tricolor Hortensis) (HA 6 in.)

For the past five years, we have had under direct production in the Pacific-Northwest especially fine strains of all the better Pansies. Again this year we can offer you this same group of quality varieties, which are grown for us by a Pansy Specialist. We find the size and colorings of these Pansy varieties to be unequalled. Limited quantities of seed will be available in July—larger amounts shortly thereafter as the season advances.

Zinnia Dahlia Flowered

Zinnia Elegans Lilliput

ZINNIAS

Our large plantings of this important and popular garden flower are now grown in an inner California Valley, approximately 100 miles east of Santa Maria, where the summer temperature averages better than 95 degrees. These are all grown in our own land, and under our direct supervision. Advantages from this warmer climate are a heavier sample of seed and freedom from leaf spot disease.
